No. MMC/EOI/QR code based platform as a serv.and print.of QR Code based scannab.acrylic sheet for 'KNOW YOUR DOCTOR'/2024/02016 Date:-19/08/2024

Expression of Interest for QR Code Based Platform as a Service and Printing of QR Code Based Scannable Acrylic Sheet for 'KNOW YOUR DOCTOR'

In Maharashtra, the healthcare system faces a significant challenge of unlicensed and fake doctors. In response to the alarming issue of fake doctors practicing without proper credentials, especially targeting vulnerable communities in slum areas, the Maharashtra Medical Council have been taking action against such fake doctors time to time such as identifying and delisting fake doctors from its registry. These bogus practitioners pose a significant threat to public health and safety, often exploiting the most marginalized sections of society highlighting the severity of the problem.

OBJECTIVE:- The primary objective of the "KNOW YOUR DOCTOR" platform is to establish a secure and transparent system that allows patients to verify the credentials of healthcare providers easily and confidently.

KEY FEATURES:-

Centralized Database:- Create a centralized database of registered doctors in Maharashtra, ensuring all information is up-to-date and easily accessible.

Tamper-Proof Certificates:- Issue tamper-proof certificates to registered doctors with scannable QR codes embedded, enabling quick verification of credentials.

User-Friendly Interface:- Develop an intuitive user interface (web and mobile) that allows patients to scan and access essential information about doctors, including qualifications, specialties, etc.

Verification Process:- Implement a rigorous verification process for doctors to ensure only licensed practitioners are included in the platform.

Security and Data Integrity:- Utilize robust security measures to protect sensitive information and maintain data integrity, ensuring the platform is resistant to tampering or unauthorized access.

BENEFITS:-

Enhanced Patient Safety: Empower patients to make informed decisions about their healthcare providers, reducing the risks associated with unlicensed or fake doctors.

Professionalism and Integrity: Uphold the highest standards of professionalism and integrity in the medical profession by promoting transparency and accountability.

Efficiency: Streamline the process of verifying doctor credentials, saving time and resources for both patients and healthcare institutions.

Public Trust: Build trust and confidence among the public in the healthcare system by demonstrating commitment to transparency and safety.

Training and Support: Provide training and ongoing support to MMC on using the platform effectively.

Therefore, we seek expression of interest from owners/authorized person on following requisition.

Sr. No.	Particulars	Requirements
1.	Business and Technical Requirements/Scope of Work	<ul style="list-style-type: none">❖ To Design and Provide tamper free high security Acrylic sheet including doctors name, registration validity, qualification, QR Code etc. for all the registered doctors of MMC in PDF format. General Terms and Conditions

Submission, Receipt and Opening of Proposals:-

- The original Proposal i.e. Technical Proposal shall be prepared in indelible ink/print. It shall contain no inter-lineation or overwriting, except as necessary to correct errors made by the firm itself. Any such corrections must be initiated by the person or persons who sign(s) the Proposals.
- An authorized representative of the Service Provider initials all pages of the Proposal. The representative's authorization is confirmed by a written power of attorney accompanying the Proposal.
- For each Proposal, the service provider should prepare the number of copies indicated in the Data Sheet. Each Technical Proposal with required documents should be submitted.
- All copies required for the Technical Proposal shall be submitted.
- The completed Technical Proposal must be submitted on or before the time and date stated in the Data Sheet.
- After the deadline for submission of proposals expires, the Technical Proposal shall be opened immediately by the Technical Evaluation Committee (TEC). The Financial Proposal of eligible bidders who have been cleared after the technical evaluation will be invited by the Council following the due process.
- Bidder should submit all documents with self-attestation and page numbers.

Evaluation of Technical Proposals: -

- The Technical Evaluation Committee (TEC) appointed by the council, and each of its members individually evaluates the proposals submitted by the bidder as the response to the Terms of Reference, applying the evaluation criteria, sub criteria and point system specified in the Data Sheet. Each proposal will be given a technical score (St). A proposal shall be rejected at this stage if it does not respond to important aspects of the Terms of Reference or if it fails to achieve the minimum technical score indicated in the Data Sheet.
- Demonstration of Proof of Concept (POC) by bidders: All prospective bidders are required to design and demonstrate a proto- type set up to demonstrate the entire end-to-end process flow as it shall happen in the real world.
